
HANNAH RHODES, DO, FAAP

Summary of Applicant

ABP board-certified pediatrician practicing pediatric hospital medicine at a freestanding tertiary care children's hospital. Interest in clinical informatics, breastfeeding medicine, and population health.

Work Experience

Pediatric Hospitalist, Akron Children's Hospital; Akron, Ohio — 2020–present
Diagnose, treat, and manage the care of children ages birth through 26 years on acute care medical floors in a freestanding tertiary care children's hospital. Position involves providing sedation services, as well as education of medical students, residents, and pediatric hospital medicine fellows.

Physician Informaticist, Akron Children's Hospital – 2019–present
Inpatient-based, working within a multidisciplinary team to assist in transforming the culture of care through information systems and processes with a focus on improving quality, safety, and efficiency.

Faculty Director, Breastfeeding Medicine Rotation – 2019-present
Elective rotation for senior pediatric residents.

Pediatric Sedation Services, Akron Children's Hospital — 2018-Present
Provide minimal, moderate, and deep sedation and analgesia for children undergoing imaging and non-surgical procedures as part of a hospitalist-run sedation program.

Pediatric Hospitalist, Akron Children's Hospital; Boardman, Ohio — 2016-2020
Worked with a team of caring providers including pediatric NPs, nurses, RT, PT, OT, SLP, and child life specialists to provide medical management and post-op care for patients from newborn through 22 years on a 25-bed pediatric acute care floor at Akron Children's Beeghly Campus. Position involved teaching of medical students and residents.
