ABOUT AKRON CHILDREN'S HOSPITAL

Akron Children's Hospital is a nationally ranked healthcare provider for infants, children, teens, burn victims of all ages and adults with congenital, genetic and maternal/fetal conditions. Our integrated healthcare system has hospital campuses in Akron and the Mahoning Valley, 20 primary care and 63 specialty locations serving a multi-state region. Our staff of nearly 760 pediatric providers handles more than 650,000 visits a year in our child-focused facilities. Akron Children's has seven pediatric specialties on the U.S. News & World Report's Best Children's Hospital rankings for urology, pulmonology, nephrology, cancer, orthopedics, neurology/neurosurgery and diabetes/endocrinology. We earned redesignation as a Magnet hospital for nursing excellence by the American Nurses Credentialing Center.

In addition to clinical care, we offer more than 100 advocacy, education and outreach programs to promote the well-being of children. We are a teaching affiliate of Northeast Ohio Medical University, training a new generation of pediatricians and specialists, and our research institute is dedicated to advancing pediatric medicine and improving patient care. We have been caring for children regardless of a family's ability to pay since 1890. For more information, visit akronchildrens.org.
