We have a team of physicians and nurses who specialize in the sedation of children. Sedation is a medicine that makes children more relaxed and safe during medical procedures, which may be stressful, painful or require them to hold still.

Tests and procedures where pediatric sedation may be appropriate include radiology exams, botox injections, nerve blocks, lumbar punctures, biopsies, hearing tests and removal of stitches.

Our center evaluates and initiates treatment for children of suspected physical or sexual abuse and neglect. We have a team of doctors, nurses and social workers who see children and teens referred by private physicians, law enforcement agencies, child protection agencies and other community agencies. We also provide consultation when abuse is suspected for a child on an inpatient unit.

From free valet parking to spacious patient rooms, we focus on providing as much comfort and organization as possible to your child and family during an otherwise stressful time.

We also have 4 different treatment areas to help streamline emergency care:
<ul>
  <li>20-room main emergency area</li>
  <li>11-room fast track area for minor illnesses and injuries</li>
  <li>3-room trauma bay</li>
  <li>5-bed behavioral health ER</li>
</ul>

Our team includes developmental-behavioral pediatricians, nurse practitioners, nurses, social workers and patient service representatives. We also work closely with other pediatric specialists as needed, such as child neurologists and psychologists, as well as with schools, preschools and other agencies involved with developmental care and education.

We have a team of physicians and nurses who specialize in the sedation of children. Sedation is a medicine that makes children more relaxed and safe during medical procedures, which may be stressful, painful or require them to hold still.

Tests and procedures where pediatric sedation may be appropriate include radiology exams, botox injections, nerve blocks, lumbar punctures, biopsies, hearing tests and removal of stitches.
Our 18 bed special care nursery is staffed by neonatologists, nurse practitioners and nurses who provide an intermediate level of care to newborns with developmental problems.

We provide medical and forensic evaluations for children and teens who may have been physically or sexually abused, as well as complete medical evaluations for kids in foster care. Services are provided to children who reside in Ashtabula, Columbiana, Mahoning and Trumbull counties, as well as Mercer County, Pa. Our center is funded by the National Children’s Alliance and Akron Children’s Hospital.
