From free valet parking to spacious patient rooms, we focus on providing as much comfort and organization as possible to your child and family during an otherwise stressful time.

We also have 4 different treatment areas to help streamline emergency care:
- 20-room main emergency area
- 11-room fast track area for minor illnesses and injuries
- 3-room trauma bay
- 5-bed behavioral health ER
We have a team of physicians and nurses who specialize in the sedation of children. Sedation is a medicine that makes children more relaxed and safe during medical procedures, which may be stressful, painful or require them to hold still.

Tests and procedures where pediatric sedation may be appropriate include radiology exams, botox injections, nerve blocks, lumbar punctures, biopsies, hearing tests and removal of stitches.
