We have a team of physicians and nurses who specialize in the sedation of children. Sedation is a medicine that makes children more relaxed and safe during medical procedures, which may be stressful, painful or require them to hold still.

Tests and procedures where pediatric sedation may be appropriate include radiology exams, botox injections, nerve blocks, lumbar punctures, biopsies, hearing tests and removal of stitches.

We have a team of physicians and nurses who specialize in the sedation of children. Sedation is a medicine that makes children more relaxed and safe during medical procedures, which may be stressful, painful or require them to hold still.

Tests and procedures where pediatric sedation may be appropriate include radiology exams, botox injections, nerve blocks, lumbar punctures, biopsies, hearing tests and removal of stitches.
We provide medical and forensic evaluations for children and teens who may have been physically or sexually abused, as well as complete medical evaluations for kids in foster care. Services are provided to children who reside in Ashtabula, Columbiana, Mahoning and Trumbull counties, as well as Mercer County, Pa. Our center is funded by the National Children’s Alliance and Akron Children’s Hospital.

Our staff will contact you before your child's appointment to help prepare his or her records in advance and reduce registration time on the day of service.
Our volunteers range from age 16 up to 100. They generously donate their time and service to help support our mission to provide the best possible care to children and their families.

Preparation and knowledge are the keys to a healthy adoption. That’s why we provide ongoing advice and support about issues related to domestic, international and special-needs adoptions including pre-adoption counseling and post-adoption consultation.

Admitting and ER registration are open 24 hours, 7 days a week.
