Within the past 24 hours

I AM READY TO GO BACK TO SCHOOL WHEN I AM:

Released by my medical provider to return to school.

If your child has strep throat or bacterial infection, they should stay home until the antibiotic has been given for at least 12-24 hours or your health care provider has approved your child's return to school. Seek medical attention when your child is sick and follow your health care provider's recommendations about returning to school.
