

Akron Children's Virtual Specialty Care

Convenient access, close to home

With Akron Children's Virtual Specialty Care option, patients can connect **virtually** with specialty providers conveniently from our Wayne Street office. Our Marietta location also offers **in-person** cardiology, endocrinology, gastroenterology and pediatric surgery appointments. Call us at 740-885-4600 from 8 a.m. – 4:30 p.m. to ask if a virtual specialty visit is right for your child.

How these virtual appointments work

1. Your child's provider refers them to a specialist.
2. Schedule the specialty appointment before you leave.
3. Go to the Akron Children's Specialty Care office in Marietta for the appointment.
4. Akron Children's staff will be on-site to gather vitals and other important information, perform point of care testing and assist with elements of the physical examination.
