

School-Based Health Services

Quick, easy medical care at school

Akron Children's school nursing staff and pediatric providers see kids and teens for private and confidential medical care at your child's school. Telehealth and in person services available.

With your permission, your child can receive treatment for minor illnesses like:

- **Cough, cold and flu**
- **Fever**
- **Sore throat and earache**
- **Allergy and sinus issues**
- **Help managing asthma**
- **Pink eye**
- **Rashes and poison ivy**
- **And more**

Some schools also offer in-person appointments for:

- **Annual well visits**
- **Sports physicals**
- **Vaccines**

Advantages

- **Convenient** – you do not have to leave work or home for your child to receive medical care.
- **Fast** – prescriptions, if needed, are called into your preferred pharmacy.
- **Informative** – care plan and visit details are mailed to your home and are in MyChart (activation required).
- **Affordable** – we care for any child in need. If you have private insurance or Medicaid, we bill for our services.

These services do not replace your child's doctor. If your child needs a doctor, we can help you find one.
