We are coming to your school to help you fight the flu!

Costs
Flu vaccines are provided at NO COST to students, parents or schools. We bill both Medicaid and private insurance. However, we never bill students or parents for any out-of-pocket expenses or deductibles. Qualifying uninsured students can be given the vaccine at no charge.

Why flu vaccines are important
The best way to minimize or avoid the spread of flu is to get an annual flu vaccination. The vaccine protects against new strains each year, so it’s important to get vaccinated annually.

Requirements
If you want to receive a vaccination, bring a completed consent form prior to the day of vaccination. See your school nurse to pick up a form.

QUESTIONS?
Please let your school nurse know any questions you and your family may have.
